CBR Reopening Day:
All our centres after a short break of summer holidays reopened on 5th June for the year 2017–‘18.
School going children who performed poorly in their studies are likely to become ‘drop-outs’ and soon become child labour. To prevent this happening, MCDS has started Evening Study Centres for the children studying in Corporation Schools. MCDS in collaboration with L & T started 13 such centres in Thiruvanmiyur, Kannagi Nagar, Chemmencherry and Perumbakkam. Students from standard 4th to 8th avails this free facility in their respective areas. Orientation to the Study Centre Teachers was organised in the month of May and again as the academical year started on 5th June.

Instead of pursuing and repeating the Tamil Nadu Board exam, this year MCDS is availing the expertise of Brother Mathew in conducting NIOS (National Institute of Open Schools) and operate three Open Schools for the School Drop outs. This move will surely bring in more pass percentage since students have the option of choosing subjects of their choice.
